So, we learnt from this is “The small thing or idea make a big project to us” So the big journey is started by a small ideas or things.

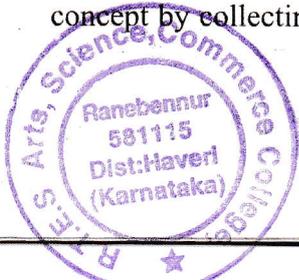

After the session we have to produce the chance for next day function or programme so after the lunch we did it and make it faster because the time was start and we also learnt that the “ time management” from NIC Camp the great inspiration for this was the Sushil Shinde Sir and the big wonder at evening was the watching the others state dance culture so it was amazing to see it and also we are also dance at the background of the stages and enjoyed a lot of songs and dances and also great thing was learnt from it.

After completion of cultural programme we have a dinner time and at 9 o clock with a different classes and different states and with a different language peoples we did the dinner so it feel like a unity.

After dinner at 10 o clock we have a recall session and some volunteers were practising the dance so the 3rd also complete with a great memories.

Note: I, forget a one thing that “at the 1st day we Karnatak volunteers did a mime act “ the topic was to shown a unity and no to castism and we successfully did it and greatly we got a standing aviation and classes to mimeact so we were celebrating that day too.

Day – 4 : 25th May 2022: The 4th day of NCC Camp is started with a prayer and luckily the prayer is done by us means Karnatak volunteers we sung the song “ Basava Vachana” and “ they shared” like that we got a great clues for it and after that the Yoga class and the Zumba class and aerobics we are exited to do this and we are enjoying for Zumba and aerobics after that again a same schedule breakfast and show your talent and in the show your talent programme the one of the our volunteer sung a song of “ Mahadev” and she is Asha and also the Aishwarya sung a song after that the organised committee divide the peoples and joining with a different states peoples means volunteers and gave a topic “The part of youth in a Nation building to the teams and the team contain different volunteers from different states and finally we the team ready the concept by collecting. Some of the topics from Google and also resources after that one

by one team represent their speech about the topic and also our team also gives a speech about "Nation building by youths" And the great thing was our state volunteer "Aishwarya gives an attractive speech about the topic it was a proud feel to us and after that again a lecture session and greatly we learnt more about from these sessions and also we clarify our doubts.

After that at 1 o'clock it's lunch time and after we were producing the dance with a contribution of Telangana state volunteers. So this is called "Integration"

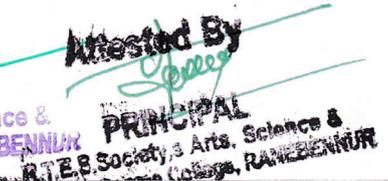

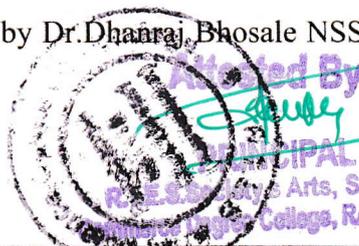

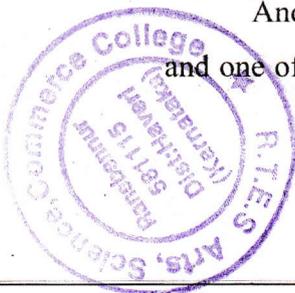

Then at 6 o'clock the cultural programmes begin the various states and Universities volunteers make a day beautiful and the dances were amazing after that the recall session. The fun thing that "The one of the organised volunteer " Shivam brother" click some photos and clips and after that he represent at presentation monitor that was a memorable thing that can't be forgot. So like that they also busy with a busy schedule.

Day – 5: 26th May 2022: The 5th day of NIC Camp also been started by prayer, Yoga and Exercise because it is mandatory for all seven days and the program Officer Sushil Sindhe sir was very strict about it. Well then today is a surprising day for all because 5th day of this camp is belongs to nature means we were going to garden or Botanical garden in Mumbai university to plants a trees or Mango trees. There is a Mango garden there of different varieties of mango trees and we plant different mango trees in the garden and also gave a name for all that trees. Like rivers names, Ganga, Sindhu, Yamuna, etc., and we spent some times in the garden by watering to the mangos and clicking photos with mango trees and one team plants a minimum 5 – 6 trees. Like that we were enjoying with a nature and something learnt from it.

After the plantation program completed then we were going to lunch hall and had the lunch after going to the auditorium for group activities and shown your talent programme.

After we practicing the dance because the 5th day of cultural programme is combination of different states volunteers. So we did a dance with collaboration of Telangana team they did some Lambani dances and we the team did a best dance of Kannada songs and Janapadas and after for the collaboration Lambani Songs we both the team danced for that song and it was memorable.

And also different states with the integration did a bountiful programme activities and one of the script written by Dr. Dhairaj Bhosale NSS Volunteer Pune, he did a great

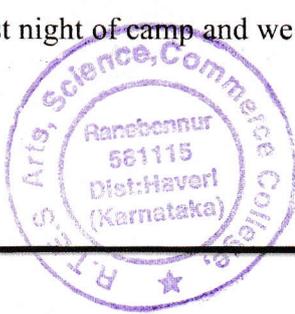

work for that it was very feeling and crying script that was amazing drama he did it very tremendous. Different states are Gujarat, Telangana, Madhya Pradesh, Rajasthan, Goa, Tamilnadu, Kerala and etc teams are did a great cultural activities and it was recorded and Edited by organised team members and make a shot film.of it. And its feel like a heaven and after that at 9 o clock had a dinner and at 120 o clock recall session and get planned for next day of programme but its not programme at next day was a “Mumbai Darshan” and one journey around a city and visit a famous places in Mumbai and that night all the exited for trip.

Day-6: 27th May 2022: “Mumbai Darshana”

As the schedule we did the prayer yoga and exercise at the morning and ready for going to “Mumbai Darshan” The organised committee offered a T Shirt and Cap to us and all the teams and gives some of the sugar fruits and Now we are ready to Mumbai Darshan. The bus is arriving at infront of Boys hostel and one by one team ready to Mumbai Darshana.

At the first we were going to and all favourite Jawaharlal Astronomical Stadium” here we learnt about rockets space about moon mass and solar system and they shows a short film about Kepter Aryabhat and Galileo they are the great scientists ever and now we are going to famous place that India Gate and world famous Taj Hotel yeah Its amazing to see the India Gate where the British comes to India from this gate at the in front there is a Taj hotel and I remember the 26 / 11, incident on that day happened and breath slowly there and click some memories there and then we take a graop photo infront of India gate.

Then we are going to Mumbai old university and the thing that the great freedom fighters Scientists are learnt from that university and we are exited to see that because the old university is built by British and makes a lot of designs on the walls all are foreign designers Next we did the dinner at the hall in old university and next we are going to Marain beach and world famous ovarian hotel. The beach was awesome and click some memories there and the next trip to Dadar beach and we see that there is a bridge built in the sea it cannot old Mumbai and New Mumbai and the Engineers are beautifully constructed that bridge and spent the evening time at that beach to see the sunset and click some memories and after we return to the hostel and then recall session and that the lost night of camp and we did fire camp at that night to Pease.
